TANK LOCATE SUMMARY LETTER

July 24, 2002

Gary Nah

Re: Tank locate services @ 3499 West 16th Avenue, Vancouver, BC

A thorough search for an Underground Storage Tank (UST) was performed at 3499 west 16th Avenue, Vancouver, BC, using both a Fisher T - W Scope and a magnetic locator.

After a thorough search of the exterior of the house was completed there was no indication to show the presence of a tank.

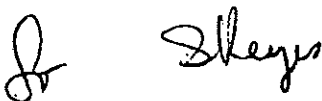

Findings in the rear garage exterior of the walls were inconclusive due to rebar. Readings in the center of the garage show there is a possibility of a 3' x 6' (350 gallon) tank being present. Findings were inconclusive and would require further excavation under concrete in garage to confirm. If pursued there would be a charge of \$1,000.00.

If tank is found to be present, decommissioning be filling in place would be recommended at a cost of \$2,900.00. If AWS completes the job, the cost of initial excavation (\$1,000.00) would be credited to the above quoted price.

B.C. Gas was installed in 1988.

If you any further questions of concerns, please call me at 604-834-4027

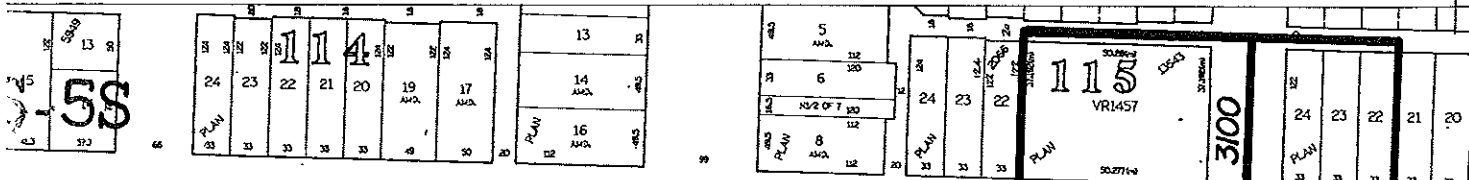

Thank you,
ADVANTAGE WASTE SPECIALTIES, INC.
